赛一流品质 以产业兴邦

Top quality, industry prospers a country

赛邦集团

赛邦金属包装集团有限公司是国内规模较大、设备先进的金属包装集团式民营企业。厂区占地总面积13万平米；主营业务为金属印刷、气雾罐、工艺罐、饮料罐等金属包装产品的定制加工服务，是国内金属包装行业知名企业，在金属印刷、气雾罐等细分市场位居国内前列，是业界领先的金属包装一体化解决方案提供商。旗下企业有：

赛邦金属包装集团有限公司：

成立于1997年，原位于增城区小楼镇，主营制罐业务，于2009年迁址广州增城区朱村街朱村大道中七号，同期整合广州赛邦印铁制罐有限公司朱村印铁分公司印铁业务，现主营马口铁、铝片等印刷加工项目和气雾罐、饮料罐生产加工项目。

佛山市南海赛邦印铁制罐有限公司：2005年筹建、2006年投产，位于佛山市南海区九江镇九江工业园，主要经营马口铁、铝片等印刷加工和气雾罐生产加工项目。

广州赛兴金属制品有限公司：成立于2010年，位于增城区小楼镇小楼大道南8号，主要经营马口铁工艺罐，工艺包装盒生产加工项目。

广州赛邦进出口贸易有限公司：成立于2011年，位于广州增城区朱村街朱村大道中七号，主要经营马口铁、铝片等印刷品、气雾罐、工艺罐等对外贸易项目；

天津赛邦包装容器有限公司：

成立于2010年，位于天津市武清区京滨工业园，主要经营马口铁、铝片等印刷加工和气雾罐生产项目。

赛邦国际集团（香港）有限公司：

成立于2014年，位于香港荃湾TML广场3号海盛路23楼D1室，主要经营马口铁、铝片等印刷品、气雾罐、工艺罐、底面盖等对外贸易项目。

浙江赛邦印铁制罐有限公司：

成立于2013年，位于衢州市东港工业园区东港七路101号，主要经营马口铁气雾罐生产项目。

鸿远环球金属包装有限公司：

成立于2023年，位于美国伊利诺伊州弗农山森林路888号，主要进行气雾罐生产，主营客户定制的气雾罐产品，印刷铁，顶底盖。

赛邦金属包装（墨西哥）有限公司：

成立于2025年，位于墨西哥瓜纳华托锡劳，主要进行气雾罐生产，主营客户定制的气雾罐产品，印刷铁，顶底盖。

墨西哥赛邦 Mexico Chumboon

Chumboon, founded in 1997, is a well-known enterprise in the domestic metal packaging industry, with main business of tinplate printing, aerosol cans, tin boxes, beverage cans and other customized processing services of metal packaging products. Chumboon is the domestic market leader in tinplate printing, aerosol cans and other market segments. For a more professional and efficient development of the international market for metal packaging, we have seven subsidiaries:

Chumboon Metal Packaging Co., Ltd was set up in 1997, and located at Xiao Lou Town, Zengcheng District, was mainly undertaking the business of tin making. In 2009, it was moved to No.7, Zhucun Middle Avenue, Zhucun Street, Zengcheng, Guangzhou City, and integrated the business of iron printing of Zhucun subsidiary at the same time. Currently, it is specialized in tinplate and aluminum profile printing and processing, as well as aerosol can and beverage can.

Nanhai Chumboon Iron-Printing & Tin-Making Co., Ltd was constructed in 2005 and put into production in 2006, is located at Jiujiang Industrial Park, Jiujiang Town, Nanhai District, Foshan City. It is specialized in tinplate and aluminum profile printing and processing, as well as aerosol can.

Guangzhou Chumxin Metal Products Co., Ltd was set up in 2010 and located at No. 8, Xiaolou Avenue, Xiaolou Town, Zengcheng district, is specialized in tin-making and processing of tin box.

Tianjin Chumboon Packaging Co., Ltd was set up in 2010 and located at Jingbin Industrial Park, Wuqing District, Tianjin City, is specialized in tinplate and aluminum profile printing and processing, as well as aerosol can.

Guangzhou Chumboon Import & Export Trading Co., Ltd was set up in 2011, is located at No.7, Zhucun Middle Avenue,

Zhucun Street, Zengcheng, Guangzhou City. It is specialized mainly in exporting tinplate and aluminum profile printing and processing, as well as aerosol can and tin box.

Zhejiang Chumboon Iron-Printing and Tin-Making Co., Ltd: set up in 2013 and located in 101 Donggang seven load, Donggang Industrial Zone, Quzhou City, Zhejiang Province, is specialized in manufacturing and processing of tinplate and aluminum profile printing and processing, as well as aerosol cans manufacturing.

Chumboon International Group(HK) Co., Ltd.: set up in 2014 and located in Workshop D1 on 23RD Floor TML Tower No.3 HOI SHING Road Tsuen Wan, is specialized in exporting the printing products of tinplate and aluminum, aerosol cans, tin boxes and aerosol can components including cone & dome.

Hongyuan Global Metal Packaging Co., Ltd.: Established in 2023 at 888 Forest Road, Mount Vernon, Illinois, USA, we mainly produce aerosol cans and specialize in customized aerosol cans with printed iron and top and bottom covers.

Chumboon Metal Packaging Mexico, S. DE R.L. DE C.V., Established in 2025, located in Xilao, Guanajuato, Mexico, mainly engaged in the production of aerosol cans. Our main products are customized aerosol cans for customers, printed iron, and top and bottom covers.

飞跃，是一种超越

Flying, is a kind of surpassing

1997

1997年，公司老总带领着赛邦公司的创业元老们，创立了金属容器厂，在不足800平方米的简陋厂房中，基本靠手工做出了公司第一个杂罐。

In 1997, Mr. Lo, the owner of our company, led the pioneering group to build up Metal Container Factory. Working in a simple workshop less than 800m², they made the first tin can by hand basically.

1997~2003

1997年，在引进了先进的全自动制罐生产线后，广州赛邦印铁制罐有限公司以崭新的面貌立在改革开放的前沿，并于99年底通过了ISO国际质量体系认证，成为华南制罐业的一颗新星。

2001年，引进了当今世界最先进的日本富士P451印铁机和F451涂布机，投资逾2000万元，占地面积50亩的印铁分厂在朱村南岗开发区成立，为公司向集团化、一条龙经营服务模式迈进了第一步。

2003年初，追加投资2000万元引进日本富士P452印铁机、F452涂布机和大型全自动剪铁机，为公司多元化经营打下了基础。

2003年7月，集印铁、制罐、马口铁贸易经营为一体的多元化公司-广州赛邦成功导入CIS企业形象系统，企业流程重组、全面实施SOP管理模式，充分实现信息化管理，新赛邦的企业形象和管理模式产生了再一次的巨大飞跃。

2003年10月，中国第二届日本富士金属印刷技术交流会在广州赛邦隆重举行，会议期间邀请国内及东南亚金属印刷业知名企业共聚一堂，就行业技术标准、行业动态及今后的发展达成了共识。

In 1997, after importing the advanced and full-automatic can production lines, our company became one of the leading members edge of the Chinese Reform and Opening-up with a new look. By the end of 1999, the company was awarded the ISO international quality system certification and became a new bright star in the industry of tin-making in the South of China.

In 2001, our company invested more than 20 million to set up a new branch company of iron printing in Nangang Development Zone, Zhucun Street, Zengcheng City, which covers an area of 33,300m². This branch company imported the world's most advanced Fuji P451 iron-printing machines and F451 coating machines from Japan, which contributed to the first step for our company to become a group corporation and to form a one-stop business model.

At the beginning of 2003, our company added more than 20 million to introduce the Japan-made Fuji Model P452 Iron-printing Machine, Model F452 Coating Machine and the Heavy-duty Full-automatic Iron Shearer so as to lay the solid foundation of Diversification strategy of our company.

In July of 2003, by integrating iron-printing and can-manufacturing with the tinplate trade as one diversified operational company, Guangzhou Chumboon successfully entered into CIS enterprise visual system. And then our enterprise re-organized in the aspect of technical process-flow and executed the overall SOP management model. Therefore, the image and management model of the new Chumboon enterprise have brought forth another enormous leap.

In October of 2003, the Second Japan Fuji Metal Printing Technological Exchange was grandly held at Chumboon, Guangzhou in China. During the meeting, we invited the famous iron-printing enterprises from domestic and Southeast Asian to gather together to have a discussion, finally we reached a consensus in the aspects of technological standards, trends and future development of the industry.

2005~2006

2005~2006年，于佛山市南海区九江工业园购地50亩，投资5000万元筹建南海赛邦印铁制罐有限公司，引进先进的日本富士涂印设备，并于2006年6月建成投产，同时赛邦公司马口铁经营部进行了重新定位与战略调整，于2006年成立了广州赛邦马口铁贸易公司，为公司集团化发展掀开了新的一页。

During 2005 and 2006, our company purchased a land of over 30,000m² in Jiuliang Industrial Park, Nanhai District, Foshan City to construct Nanhai Chumboon Iron-Printing & Tin-Making Co., Ltd. with an investment of 50 million, and introduced advanced Fuji coating and printing equipments from Japan, put into production in July, 2006 meanwhile, our tinplate department re-adjusted their strategies and set up Guangzhou Chumboon Tinplate Trading Co., Ltd. in 2006, which contributed to the company's development into a group corporation.

2008

2008年，南海赛邦再投资1亿元人民币，建成9300m²标准化厂房并引进当今世界最先进的欧洲全自动高速气雾罐生产线，年制罐能力达3.5亿罐，奠定了行业龙头企业的地位。

In 2008, Nanhai Chumboon re-invested 100 million to construct an area of 9300m² standard workshop and imported the world's most advanced and full-automatic aerosol can production lines from Europe with the annual production capacity reaching 350 million pieces, which has laid a leading position in the industry.

2009~2010

2009年，总公司从增城市小楼镇迁往增城市朱村街南岗工业区，成功整合印铁与制罐业务。

2010年，于原小楼厂址注资成立广州赛兴金属制品有限公司，主要经营马口铁工艺罐，工艺包装盒生产加工项目。同期总公司再投资引进德国四色印铁生产设备、台湾食品饮料罐生产设备，进一步扩大了生产规模、拓展了产品线。

2010年，为拓展全国市场，于天津市武清区京滨工业园购地100亩，设立天津赛邦投资有限公司，注册资金14000万元首期投资7000万元。2011年印铁全面投产，从此，公司的发展迈上了一个新的高度。

In 2009, the headquarters relocated from Xiaolou Town, Zengcheng City to Nangang Industrial Zone, Zhucun Street, Zengcheng City, successfully integrating the iron printing and canning businesses.

In 2010, Guangzhou Saixing Metal Products Co., Ltd. was established with capital injection from the original Xiaolou factory site, mainly engaged in the production and processing of tinplate craft cans and craft packaging boxes. At the same time, the parent company has invested in introducing four-color printing iron production equipment from Germany and food and beverage can production equipment from Taiwan, further expanding our production scale and product line.

In 2010, in order to expand the national market, we purchased 100 acres of land in Jingbin Industrial Park, Wuqing District, Tianjin and established Tianjin Saibang Investment Co., Ltd. with a registered capital of 140 million yuan for the initial investment 70 million yuan. In 2011, the iron printing was fully put into operation, and since then, the company's development has reached a new height.

2011~2016

2011年，广州赛邦进出口贸易公司成立，为赛邦公司海外市场开拓注入新的力量。

2011年，赛邦金属股改完成，凭借资本的力量，赛邦正迈入跨越式发展的新阶段！

2012年，广州赛邦、南海赛邦再投入巨资引进四、六色印铁生产线、底面盖生产线和高速全自动气雾罐生产线，全面提升设备规模与技术水平。

今天，赛邦采用世界先进的机械设备，实现了自动化生产日印花铁50多万张，铁罐100多万只。

2013年，浙江赛邦印铁制罐有限公司投产，标志着我在金属包装领域又向前迈进了一大步。

2014年，赛邦SAP项目正式启动，集团经营管理水平更上一个台阶推动集团未来持续快速发展。

2014年，赛邦国际集团(香港)有限公司成立，为赛邦公司海外市场的开拓注入了新的力量。

2014年，广州赛邦印铁制罐有限公司更名为赛邦金属包装股份有限公司股份公司的成立标志着公司又迈上了一个新的起点，奠定了公司日后上市的坚实基础。

2016年，赛邦金属包装股份有限公司入选广东省制造业500强(359)榜单。

In 2011, Guangzhou Saibang Import and Export Trading Company was established, injecting new strength into Saibang's overseas market development.

In 2011, the stock reform of Saibang Metal was completed, and with the power of capital, Saibang is entering a new stage of leapfrog development!

In 2012, Guangzhou Saibang and Nanhai Saibang invested heavily in introducing four and six color printing iron production lines, bottom cover production lines, and high-speed fully automatic aerosol can production lines, comprehensively improving equipment Scale and technological level.

Today, Saibang has adopted the world's advanced mechanical equipment to achieve automated production of over 500000 printed iron sheets and over 1 million iron cans per day.

In 2013, Zhejiang Saibang Printing Iron Can Co., Ltd. was put into operation, marking a big step forward for our company in the field of metal packaging.

In 2014, the Saibang SAP project was officially launched, taking the group's management level to a higher level and promoting the group's sustained and rapid development in the future.

In 2014, Saibang International Group (Hong Kong) Limited was established, injecting new strength into Saibang's overseas market development.

In 2014, Guangzhou Saibang Printing Iron Can Co., Ltd. was renamed Saibang Metal Packaging Co., Ltd. The establishment of Saibang Metal Packaging Co., Ltd. marked a new starting point for the company Establishing a solid foundation for the company's future listing.

In 2016, Saibang Metal Packaging Co., Ltd. was selected as one of the top 500 manufacturing companies in Guangdong Province (359).

2018~2024

2018年，通过迪士尼官方认证

2019年，浙江公司两片泄压防爆罐新品发布，同年通过英国SEDEX认证。

2021年，通过海关AEO认证，同年通过德国莱茵认证。

2022年，通过创新型中小企业。

2022年，于美国伊利诺伊州投资设立鸿远环球金属包装有限公司掀开赛邦集团海外投资新篇章。

2024年，于墨西哥瓜纳华托州，伊拉普阿托设立赛邦金属包装(墨西哥)有限公司，主营印刷铁，气雾产品，顶底盖。赛邦海外业务进一步发展。

In 2018, officially certified by Disney

In 2019, two new pressure relief explosion-proof tanks were released by the Zhejiang company, which also passed the UK SEDEX certification in the same year.

In 2021, it passed the AEO certification by customs and the Rhine certification by Germany in the same year.

In 2022, through innovative small and medium-sized enterprises.

In 2022, Hongyuan Global Metal Packaging Co., Ltd. was established in Illinois, USA, opening a new chapter in Saibang Group's overseas investment.

In 2024, Saibang Metal Packaging (Mexico) Co., Ltd. was established in Irapuato, Guanajuato, Mexico, specializing in printed iron, aerosol products, and top and bottom covers. Saibang Further development of overseas business.

印铁 Iron-Printing

各种马口铁涂布、印刷 Coating and printing on all kinds of tin plate

Our company has imported tens of production lines of Fuji P451 and P452 iron-printing machines, Germany-made KBA four-color iron-printing machines, F451 and F452 coating machines and Germany-made KBA coating machines, which are the most advanced in the world and could print and coat the hard-packing materials such as tinplate, aluminum sheets, etc. The company introduces CTP plate-making machines and adopts digital workflow that can change characters and pictures into digits and form the printing plate directly. These have contributed to the improvement of our printing efficiency and product quality. Printing size is from 710 x 510 mm to 1145 x 960 mm with thickness of 0.13 ~ 0.40 mm. The annual printing capacity of the machines is 450 million pieces. The company undertakes the business of printing and manufacturing tinplate which is widely used for the product packages of food, spray, beverage, edible oil, lubricant, cigarette, present, stationery, battery, etc, and for decoration as well as for electric panel.

Full-automatic Cutting-out

Computer to Plate

HP Printer

公司引进了当今世界最先进的日本富士 P451、P452，德国 KBA 四色印铁生产线和 F451、F452，德国 KBA 涂布生产线数十条，可印、涂马口铁、铝片等各种硬包装材料。购进 CTP 制版设备，采用数字化工作流程，直接将文字、图象转变为数字，直接生成印版，促进印刷效率和产品质量的提高。印刷尺寸从 710×510 毫米到 1145×960 毫米，厚度 0.13 ~ 0.40mm，年印刷能力 4.5 亿张次。承接马口铁印刷加工业务，广泛地运用于食品、气雾剂、饮料、食用油、润滑油、烟酒、礼品、文具、电池等产品包装及装饰。

公司引进每分钟 300 罐欧洲全自动高速气雾罐生产线多条, 另配备生产线、台湾饮料罐生产线及全自动堆垛打包设备, 全程自动化生产, 年产各类三片马口铁气雾剂空罐和饮料罐近 4 亿罐。主要罐型有直径 Φ45mm、Φ52mm、Φ57mm、Φ60mm、Φ65mm、Φ70mm, 可广泛应用于杀虫剂、空气清新剂等家居卫生护理及汽车护理、建筑、消防、医药卫生和保健品、饮料等各类产品包装。

Equipped with several imported European full-automatic and high-speed (300 pieces per minute) aerosol can production lines, advanced domestic-made aerosol can production lines, Taiwan beverage can production line, and a whole set of full-automatic stacking and packing equipments, our company implements full-automatic production throughout the manufacturing process and has an annual capacity of producing 400 million three-pieces tinplate aerosol cans and beverage cans. The main can types include diameters of Φ45 mm, Φ52 mm, Φ57 mm, Φ60 mm, Φ65 mm, and Φ70 mm, which are widely used in the package of household health tending and protecting, such as insecticide and air freshener, as well as various kinds of packages used for car surface care, building, fire fighting, machine and hygiene, health care, beverage, and so on.

公司特别重视人才的选拔和培养，与国内各大高校建立了人才培养与合作办学意向，花重金规划公司培训中心，邀请日本技术专家来厂指导培训，并高薪聘请职业经理人实施规范化模式管理，使公司人员培训率达到100%，人员培训合格率达到95%。

公司近年投资数十万元建造员工活动中心，包括篮球、乒乓球、桌球、羽毛球、图书馆、网吧、酒吧等文体休闲设施，志在为员工提供一个舒适的工作生活环境。

市场竞争，实质上是人才的竞争，广州赛邦的成功在于人才，人才间的配合犹如齿轮的交合前进，是企业发展的无穷蕴力。

People-oriented

Our company pays special attention to the selection and cultivation of talents, and has established cooperative relationship on personnel cultivation with many domestic colleges. Moreover, it has a large amount of investment in setting up the training center by means of inviting the Japanese technological experts to guide our training and engaging the professional managing personnel with high salaries to carry out standard management model. Thus, our employee training rate is 100% and the qualified training rate reaches 95%.

In recent years, our company also invested to establish the Employees Activity Center, aiming to provide a comfortable working and living environment for the staff. The recreation facilities in the center include basketball, table tennis, billiards, badminton, library, cybercafe, taproom, and so on.

The market competitiveness, after all in the essence, is vying on the talents. The success of Guangzhou Chumboon lies on the aspect of the talents. The cooperation among the talents is like gears in mesh to wheel on and to render the enterprise development an infinite potentiality.
