ABOUT US

Founded on the principle of bringing Vietnam's rich agricultural heritage to the global market, An Dien Export Agricultural Products JSC has established itself as a premier manufacturer of high-quality canned fruits and vegetables. Led by industry experts and supported by a robust supply chain, we bridge the gap between fresh harvests and international quality standards. Our state-of-the-art facilities ensure that every product—from our signature Pineapples to our crisp Pickled Gherkins—retains its natural flavor, nutritional value, and premium texture. At An Dien JSC, we don't just export food; we deliver a commitment to food safety, sustainability, and world-class service. Our operations are built around three core principles: food safety, product consistency, and long-term partnership. From raw material selection to final packing, every step is managed with strict quality control and an export-oriented mindset. Our products are exported to Europe, South America, Japan, Korea, Australia, China, and the Middle East. We understand the importance of compliance, documentation, and reliable communication in international trade.

CUTTING TYPES

NORMAL SLICES

Classic round slices with natural core. Ideal for snacking, desserts and garnishes.

MACHINE-CUT SLICES

Perfectly uniform, golden rings selected for premium presentation in desserts and gourmet dishes.

CHUNKS

Bite-sized pieces offering convenience for salads, pizzas, and stir-fries without compromising texture.

PIECES

Versatile cuts designed for high-volume food service and culinary applications.

CRUSHED

Finely textured pineapple in natural juice, ideal for premium baking, sauces, and beverage bases.

CANNED LYCHEE

Experience the delicate, floral sweetness of Northern Vietnam's finest Lychees.

Our canned lychees feature a pearly, translucent flesh with a firm yet juicy texture. Processed at the peak of ripeness, they retain their signature aromatic fragrance. Perfect as a standalone chilled dessert, a sophisticated addition to cocktails, or a refreshing element in fruit salads.
